

TC 2.1 - Mobility in urban areas

Andrea Simone

Chair TC 2.1 - Professor, University of Bologna

Road mobility projects in urban regions and their Impact on the environment

15-17 May 2023, Buenos Aires, Argentina

3 Working groups

TC 2.1 Mobility in urban areas (Andrea Simone Italy)

2.1.1	Accessibility and mobility facing land use in urban and peri-urban development
2.1.2	Integrated transportation systems, multimodality
2.1.3	Evaluating impacts of new mobility in urban and peri-urban areas

WG 2.1.1 : : A PRELIMINARY STUDY TO UNDERSTAND MOBILITY AND ACCESSIBILITY OF THE METROPOLITAN REGIONS (leader Mari-Stella Ok Namkung (Korea))

Briefing note **project not published – under review**

- Structure :
 - Introduction
 - Data and Methodology
 - Case studies
 - Comparative analyses
 - Recommendations
- 46 pages
- Versions : EN

WG 2.1.2 : Integrated transportation systems- multimodality (leaders Sandrine ROUSIC (France), Xu Mei CHEN (PRC), and Akira ENDO (Japan))

Case studies **project published -**

<https://www.piarc.org/en/order-library/40749-en-Multimodal%20Solutions%20for%20Optimizing%20RoadNetworks%20in%20Urban%20and%20Peri-Urban%20Areas%20-%20Case%20Studies>

■ Structure :

- Methodology
- Results of multimodal good practice collection
- Case study results (16 cases studies / 6 types)
- Conclusions and next steps
- Annex

■ 180 pages

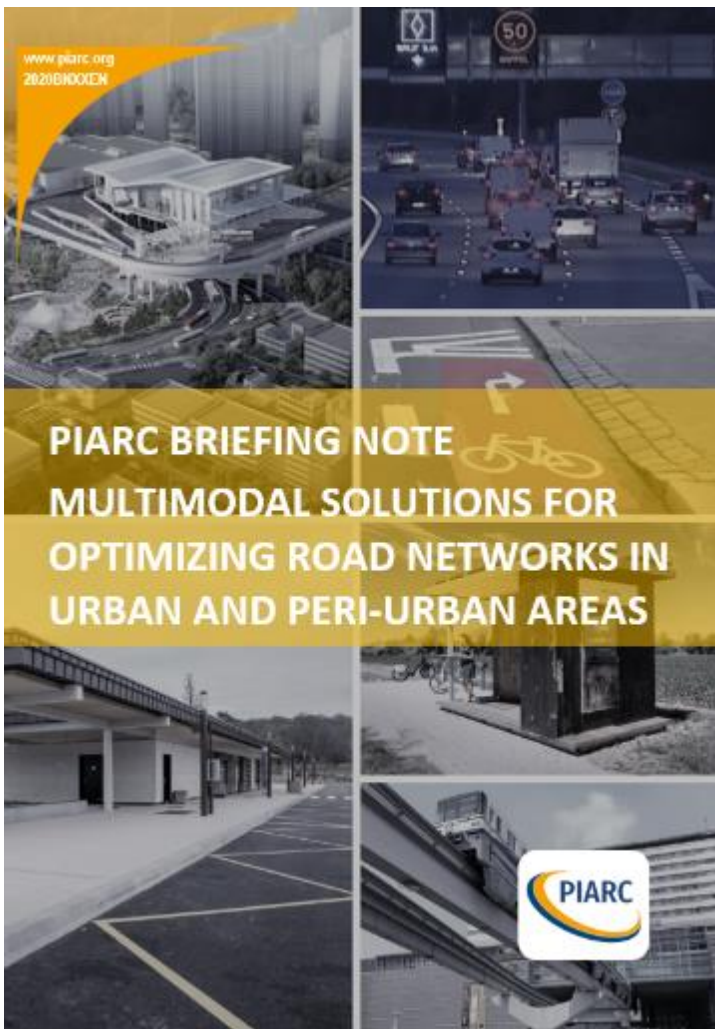

■ Versions : EN

- PIARC Ref.: 2023R05EN
- ISBN: 978-2-84060-747-2

WG 2.1.2 : Multimodal solutions for optimizing road networks (leaders Sandrine ROUSIC (France), Xu Mei CHEN (PRC), and Akira ENDO (Japan))

Briefing note **project not published – under review**

- Structure :
 - Methodology
 - General recommendations
 - Specific recommendations
 - Conclusions and findings
- 34 pages
- Versions : EN

WG 2.1.3 : Evaluating impacts of new mobility in urban and peri-urban areas (leaders Tommaso BONINO (Italy) and Valeria VIGNALI (Italy)).

Collection of case studies **project not published – under review**

- Structure :
 - Introduction
 - Methodology
 - Key Findings
 - Case study results (27 case studies / 6 types)
 - Conclusions and next steps
 - Annex
- 134 pages
- Versions : EN

Thank you for your attention!
